## Pet Supplements

Every pet is different. Special and irresistible in their own way. Just like their nutritional needs. For pets, as for humans, sometimes a balanced diet is not enough. In such situations, to maintain the vitality and proper functioning of the body, an additional intake of vitamins and minerals, i.e. supplementation, is necessary.

REGALENA supplements provide an appropriate answer to specific needs of pets of all breeds and ages. Created after exhaustive scientific research, our team of excellent pharmacists and veterinarians has created an effective supplement formula that acts preventively and helps to calm the pet's compromised health. In its variations, Regalena supplements are an excellent choice for all pet health issues, which is the result of a combination of the highest quality ingredients such as glutathione, organic yeast and others.

Healthy pets are happy pets, and it is our job and passion to contribute to that.

- ✓ Developed by pharmacists and veterinarians
- ✓ Good palatability
- ✓ Safe for continuous administration
- ✓ Microbiologically tested
- ✓ Wide range of action
- ✓ Non-GMO

REGALENA SUPPLEMENTS are available as tablets or bulk packaging, in glass bottles. Before introducing supplementation to your pet, it is always advisable to consult a veterinarian first.

# REGALENA

## Dog Supplements

Apart from the unconditional love for their human friends, and numerous irresistible facial expressions, dogs are unfortunately followed by certain health issues and diseases, depending on their age, breed, and the climate they live in. Certain conditions may be prevented by appropriate nutritional supplements, and when you are familiar with the risk of a certain race, the development of disease can be slowed down and the accompanying discomforts relieved.

REGALENA dog supplements provide assistance with all presently recognized dog diseases and conditions, and significantly contribute to maintaining the quality of life of furry pets.

The most frequent dog health issues Regalena supplements may help with:

- ✓ Weak immunity, frequent viral and bacterial infection
- ✓ Diseases of musculoskeletal organ system
- ✓ Urinary tract infections
- ✓ Allergies
- ✓ Issues with heart and blood vessels
- ✓ Skin and coat issues
- ✓ Anxiety, fear, agitation
- ✓ Cognitive-neurological issues

Let's meet each of the formulas in more detail and discover how they help our four-legged pets live a better life.

## WHEN MULTIVITAMIN?

- ✓ For proper growth and development of all breeds
- ✓ During pregnancy and lactation
- ✓ Support during treatment and recovery
- ✓ Support to nervous and cardiovascular systems
- ✓ Preserves and strengthens immunity

Composition	Dose per tablet	Composition	Dose per tablet
Vitamin A	500 IU	Folic acid	80 mcg
Vitamin D3	100 IU	Zinc	3,00 mg
Vitamin E	15 IU	Manganese	1,50 mg
Vitamin C	25,00 mg	Magnesium	5,00 mg
Vitamin B1	0,40 mg	Iron	4,00 mg
Vitamin B2	0,80 mg	Coenzyme Q	10,00 mg
Vitamin B6	0,50 mg	Glutathione yeast	10,00 mg
Vitamin B12	8 mcg	Selenium yeast	5,00 mcg
Nicotinamide (B3)	5,00 mg	Calcium	5,00 mg
Biotin	3 mcg	Copper	0,30 mg

S01900013	7640335423759	REGALENA MULTIVITAMIN	243 GR BULK

# MULTIVITAMIN

Proper nutrition should provide all the necessary nutrients for dogs, but the body often requires additional vitamins and minerals in order to cope with seasonal colds, impaired immunity and numerous external influences.

## REGALENA MULTIVITAMIN

supplement contains a balanced combination of vitamins and minerals, and it is additionally enriched with glutathione and coenzyme Q10, thus strengthening the dog's defence system and improving the overall health.

- **Coenzyme Q-10** – supports energy generation, preserves vitality and is particularly important as a support for the heart and brain.
- **Glutathione** – a powerful antioxidant, eliminates toxins, delays aging and reduces oxidative stress, making dogs less susceptible to diseases.
- **Vitamin B complexes** – participate in many functions in the body including energy generation, regular hormone function, reduce fatigue and exhaustion, increase appetite and are a valuable help during the recovery period from various diseases.

**Instructions for use:** 1 dispenser (2.7 gr) or 1 tablet per 15 kg BM per day. The tablet is chewable, but can be crushed and added to food. Asking for a veterinarian's opinion before use is recommended.

**veterinarian  
recommended**

**human  
grade**

## WHEN SKIN & COAT?

- ✓ Preserves healthy skin and coat
- ✓ As prevention in case of skin allergies and irritations (along with Allergy Relief)
- ✓ Relieves discomforts with dry and irritated skin
- ✓ As prevention in case of risk of skin diseases, hypersensitivity
- ✓ Supportive treatment in case of alopecia caused by skin parasites

Composition	Dose per tablet	Composition	Dose per tablet
Yeast	50,00 mg	Biotin	30 mcg
Glutathione yeast	20,00 mg	Vitamin C	80,00 mg
Vitamin A	500 IU	Vitamin D3	25 IU
Vitamin B1	5,00 mg	Vitamin E	30 IU
Vitamin B2	5,00 mg	Zn	6,00 mg
Vitamin B3	20,00 mg	Omega fatty acids	100,00 mg
Vitamin B6	5,00 mg	Mg	100,00 mg
Vitamin B 12	6,00 mcg		

Item code	Bar code	Item name	Packaging format
S01900027	7640335423896	REGALENA SKIN & COAT	60 TABLETS
S01900028	7640335423902	REGALENA SKIN & COAT	30 TABLETS
S01900032	7640335423940	REGALENA SKIN & COAT	243 GR BULK

# SKIN & COAT

A soft and thick coat is the first thing noticed in a dog, and the nice appearance of the coat is actually a mirror of skin health. Various deficiencies in the body are often manifested through the skin and hair, and as an organ that, along with the hair, is most exposed to external influences every day, it often needs special care and protection.

## REGALENA SKIN & COAT

supplements contain a complex of various vitamins, protectors and fatty acids that have a beneficial effect on the skin and coat, protecting them and making them stronger.

- **Glutathione** – restores skin and coat, slows down aging, participates in body detoxification and contributes to the entire immune system strengthening.
- **Vitamins A i E, Vitamin B complex** – Vitamin A contributes to the preservation of health skin, mucus and coat, whereas Vitamin E stimulates circulation and thus healthy hair development. The B group vitamins regenerate the skin and represent a reliable ally in improving the quality of both coat and skin.
- **Biotin** – essential coenzyme that improves skin and coat hydration, making it more resistant to external impact.
- **Vitamin C** – protects the body from free radical and improves immunity in general, strengthening skin resistance.
- **Vitamin D3** – the best known vitamin for the skin, it strengthens its barrier, affects faster hair growth and improves its quality and appearance.
- **Zinc** – has an anti-inflammatory effect, prevents the development of bacteria and reduces skin irritation.
- **Omega fatty acids** – hydrate the skin and improve its overall health.

**Instructions for use:** 1 dispenser (2.7 gr) or 1 tablet per 15 kg BM per day. The tablets are chewable, or they can be crushed and mixed with food. Asking for a veterinarian's opinion before use is recommended.

## WHEN LIVER SUPPORT?

- ✓ In case of fatty liver
- ✓ In the course of using hepatotoxic medicine
- ✓ To fight hepatitis (adenoviruses, leptospirosis, toxoplasmosis)
- ✓ In case of intoxication with heavy metals
- ✓ For liver cysts
- ✓ In case of bile duct obstruction

Composition	Dose per tablet
Milk thistle extract (silymarin)	150 mg
Vitamin C	50 mg
Yeast	50 mg
Glutathione yeast	50 mg
Curcumin extract	25 mg

Item code	Bar code	Item name	Packaging format
S01900033	7640335423957	REGALENA LIVER SUPPORT	60 TABLETS
S01900034	7640335423964	REGALENA LIVER SUPPORT	30 TABLETS

# LIVER SUPPORT

The liver plays an important role in metabolism and performs many functions – it eliminates toxins, produces blood proteins and takes part in digestion. The central role, on the other hand, carries exposure to numerous issues that can threaten dog health, which is why preventive care for optimal liver functions and its protection are always preferable.

## REGALENA LIVER SUPPORT

is a natural supplement the ingredients of which nurture the sensitive liver and provide appropriate support to all its functions.

- **Silymarin** – a milk thistle extract has a strong antioxidant effect, helping the liver in the process of elimination of toxins from the body, and also interferes with binding of the hepatitis virus, reducing its replication.
- **Glutathione** – it is naturally most abundant in the liver, it participates in its function, being an important factor in detoxification due to its antioxidant properties.
- **Curcumin** – stimulates the production of bile, has an anti-inflammatory effect, and protects the liver and bile ducts.
- **B vitamins** – maintain the liver cells in good health, ensuring their proper functioning.

**Instructions for use:** 1 tablet per 10 kg BM per day during the first 10 days. After 10 days, the dose can be halved, that is, 1/2 tablet per 10 kg of BM. Asking for a veterinarian's opinion before use is recommended.

**veterinarian

## WHEN CARDIO +?

- ✓ Improves heart function
- ✓ Regulates blood pressure and circulation
- ✓ In cardiomyopathy and atherosclerosis
- ✓ In older dogs
- ✓ In the periods of excessive exertion
- ✓ Prevention of CVS trauma in predisposed dogs
- ✓ In breeds with the hereditary disease factor (dachshund, schnauzer, terrier, spitz)

Composition	Dose per tablet
L-carnitine L-tartrate	150,00 mg
Taurine	200,00 mg
Q 10	10,00 mg
Omega fatty acids	10,00 mg
Glutathione yeast	20,00 mg
Beta-glucan yeast	20,00 mg
Vitamin C	50,00 mg
Vitamin E	30 IU
Vitamin A	500 IU
Selenium yeast	10 mcg
Chromium yeast	100 mcg

Item code	Bar code	Item name	Packaging format
S01900001	7640335423636	REGALENA CARDIO +	60 TABLETS
S01900002	7640335423643	REGALENA CARDIO +	30 TABLETS

# CARDIO +

A pet's heart is open for all the love of this world, but it still needs support in its daily functioning. Since it works non-stop, 24/7, the heart muscle requires additional energy over time, and in addition to the aging factor, the supplementation is also recommended for dogs that are, due to their breed, predisposed to the development of heart diseases.

## REGALENA CARDIO +

supports the proper functioning of the heart and provides additional protection in dogs with heart problems, owing to the combination developed by our experienced team of experts.

- **L-carnitine** – helps the regular heart muscle functioning, prevents the accumulation of lactic acid, improves the oxygen supply, thus increasing endurance and delaying muscle fatigue.
- **Taurine** – helps the regular heart muscle functioning, prevents the accumulation of lactic acid, improves the oxygen supply, thus increasing endurance and delaying muscle fatigue.
- **Vitamins C, E and A** – protect blood vessels from oxidative stress.
- **Omega-3 fatty acids** – lower triglycerides and improve blood circulation.
- **Coenzyme Q10** – plays an important role in creating the energy needed for the heart muscle to function.
- **Beta-glucans** – reduce the absorption of saturated fats, reduce bad cholesterol.

**Instructions for use:** 1 tablet per 20 kg BM per day. The tablets are chewable, or they can be crushed and mixed with food. Asking for a veterinarian's opinion before use is recommended.

**veterinarian  
recommended**

**human  
grade**

## WHEN MOBILITY + Hip & Joint?

- ✓ In osteoarthritis
- ✓ For degenerative joint diseases
- ✓ For dysplasia of the hip and elbow joint
- ✓ Postoperatively, after fractures
- ✓ In joints that are exposed to strenuous physical activity
- ✓ In case of joint injury
- ✓ As prevention in obese dogs
- ✓ Reduces pain when getting down, climbing, getting into a car
- ✓ Prevention in heavy and predisposed dogs, large breeds

Item code	Bar code	Ime artikla	Packaging format
S01900004	7640335423667	REGALENA MOBILITY + Hip & Joint	60 TABLETS
S01900005	7640335423674	REGALENA MOBILITY + Hip & Joint	30 TABLETS

Composition	Dose per tablet
NEM® (natural eggshell membrane)	125,00 mg
Glucosamine sodium	200,00 mg
Chondroitin sulphate sodium	50,00 mg
Collagen	25,00 mg
Turmeric extract	25,00 mg

# MOBILITY + Hip & Joint

In the course of aging, under the impact of weight and heavy load, joint cartilage in dogs wears. Along with the loss of elasticity, pains of varying intensity appear, requiring treatment, and the supplementation is highly welcome.

## REGALENA MOBILITY + Hip & Joint

supports the mobility of the joints and relieves inflammatory and painful conditions, thanks to the combination of numerous quality ingredients.

- **NEM®**, that is, the eggshell membrane, contains identical components as joints, and as a result it is of crucial importance for the constant renewal of cartilage and connective tissue, maintaining the health of joint cartilage and surrounding structures. By regular intake within the first 7 to 10 days, NEM® can help improve joint mobility and relieve the pain associated with joint diseases.
- **Chondroitin and glucosamine** are the structural components of cartilage and as such help restore cartilage and connective tissue, as well as joint mobility and provide joints with additional elasticity.
- **Glucosamine** initiates the production of glucosamine-glycan, the basis of cartilage, which is absorbed quickly and has a high degree of utilization.
- **Collagen** increases the elasticity of the joint and affects the increase in bone density.
- **Turmeric** has an anti-inflammatory effect and plays a role in reducing pain and swelling.

**Instructions for use:** 1 tablet per 20 kg BM per day. Recommendation: initially for up to 3 months, in case of chronic processes repeat 2–3 times a year. The tablets are chewable, or they can be crushed and mixed with food. Asking for a veterinarian's opinion before use is recommended.

## WHEN STRONG BONE?

- ✓ For puppies and young dogs from 12 weeks to 1 year of age, to maintain a healthy bone system, regular muscle and nervous system function
- ✓ In pregnant bitches, and in the lactation period
- ✓ In the phases of intensive growth of large dogs
- ✓ To support the integrity of bones and teeth
- ✓ Licking and biting the walls is a common signal of calcium deficiency

Composition	Dose per tablet
Ca	200,00 mg
P	155,00 mg
Mg	65,00 mg
Vitamin D3	200 IU
Lysine	6 mg
Methionine	6 mg
Vitamin K2	10 mcg

S01900007	7640335423698	REGALENA STRONG BONE Ca-Mg-P	60 TABLETS
S01900008	7640335423704	REGALENA STRONG BONE Ca-Mg-P	30 TABLETS

# STRONG BONE Ca-Mg-P

Just like in humans, calcium is a mandatory supplement at the earliest age because it is the period of fastest growth and development, when the body needs increased calcium intake. In dogs, it is between 3 and 12 months of age, and it especially applies to dogs of large and medium breeds that grow rapidly.

## REGALENA STRONG BONE

supplements contain only components of natural origin, without the addition of artificial additives, helping the musculoskeletal system with its effect.

- **Calcium and phosphorus** – form the basis of the bone and teeth structure, participating in the mineralization process together.
- **Vitamin D** – contributes to regular absorption and utilization of calcium and phosphorus, regular blood calcium level, maintenance of regular bones, regular muscle function and regular teeth.
- **Vitamin K2** – promotes bone and teeth calcification.
- **Amino acids lysine and methionine** – lysine contributes to strong bones by helping to incorporate calcium, while methionine helps build cartilage and delay arthritis.
- **Magnesium** – prevents the possibility of fractures, spasms and helps in muscle relaxation.

**Instructions for use:** 1 tablet per 10 kg BM per day. The tablets are chewable, or they can be crushed and mixed with food. Asking for a veterinarian's opinion before use is recommended.

**veterinarian  
recommended**

**human  
grade**

## WHEN COGNITIVE?

- ✓ For dogs in the learning process – during training, police dogs
- ✓ In older dogs, as prevention of neurological diseases
- ✓ As a support for the therapy of central nervous system diseases
- ✓ To dogs in training, during pregnancy and lactation
- ✓ For problems with memory, learning, concentration
- ✓ In case of disorientation/dementia

Composition	Dose per tablet
EPA, DHA	200,00 mg
Nucleotide yeast	100,00 mg
Vitamin E	15 IU
Vitamin B1	3,00 mg
Vitamin B2	3,00 mg
Vitamin B12	3 mcg
Vitamin B3	6,00 mg
Vitamin B6	15,00 mg
Glutathione yeast	20,00 mg
Ginkgo biloba extract	20,00 mg
Taurine	10,00 mg
Phosphatidylserine	30,00 mg

S01900015	7640335423773	REGALENA COGNITIVE	30 TABLETS

# COGNITIVE

We believe that dogs understand us completely, and it often seems as if they are about to speak. This is because of the most powerful organ of the nervous system – the brain, which works at full steam so that dogs can understand the world around them better. The nervous system is responsible for all kinds of memory, such as learning about games, daily habits, but also numerous other “background” processes.

## REGALENA COGNITIVE

is a natural supplement that helps normalize cognitive functions, the function of the brain and nerves, and it provides support in neurological diseases with its superior composition.

- **EPA and DHA** – omega fatty acids are essential for the preservation of the nervous system, protecting it from cognitive decline. They are necessary for brain development, and they have a positive effect on the learning and memory process.
- **Nucleotides** – affect energy production in nerve cells, have a positive effect on learning and memory processes.
- **Glutathione** – prevents oxidative stress, typical for many neurological diseases.
- **Ginkgo biloba extract** – the plant, recognized even in ancient Asia, improves brain circulation, thus affecting focus and concentration.
- **Taurine** – preserves nerve cells, delays their deterioration and supports eye health.
- **Phosphatidylserine** – it is responsible for preserving and improving the neuron integrity.

**Instructions for use:** 1 tablet per 20 kg BM per day. The tablets are chewable, or they can be crushed and mixed with food. Asking for a veterinarian’s opinion before use is recommended.

## WHEN IMMUNE BOOST?

- ✓ For frequent bacterial, fungal and viral infections
- ✓ In lung and ear inflammation
- ✓ In chronic diseases
- ✓ For exhausted body
- ✓ In weak appetite
- ✓ In the period of convalescence

Composition	Dose per tablet
Colostrum	250,00 mg
Beta-glucan yeast	50,00 mg
Yeast cell wall	50,00 mg
Glutathione yeast	20,00 mg
Lactoferrin	10,00 mg
Zn	6,00 mg
Selenium yeast	10 mcg

S01900018	7640335423803	REGALENA IMMUNE BOOST	30 TABLETS

# IMMUNE BOOST

A diet rich in various nutrients, physical activity, and appropriate supplementation are important for a strong immune system, especially in the periods of increased risk of colds, fatigue and body exhaustion.

## REGALENA IMMUNE BOOST

contains super ingredients known for their healing effect:

- **Colostrum** – the first milk of mammals, rich in immunoglobulins (antibodies) ready to fight any infection.
- **Beta-glucan** – improves overall health, accelerates recovery, reduces inflammatory reactions and lowers cholesterol. It improves the health of the heart and intestines, regulates blood sugar levels, and acts as an immunomodulator. Completely safe for continuous use, without side effects, in higher doses.
- **Yeast cell wall** has the role of prebiotic fibre, improves the immune response and creates a good gut microbiome.
- **Glutathione** is a powerful antioxidant that participates in the creation of DNA, neutralizes free radicals, helps in enzyme functioning, supports the immune function.
- **Zinc** helps fight diseases and helps with wound healing. It helps a number of hormones, such as insulin, growth hormone and those produced by the thymus, with their roles. It is also necessary for healthy skin, eyes and brain function.
- **Selenium** is important for dogs because of its antioxidant effect and the role in thyroid metabolism and reproduction.

**Instructions for use:** 1 tablet per 10 kg BM per day. The tablet is chewable, but can be crushed and added to food. Asking for a veterinarian's opinion before use is recommended.

WHEN URINARY CARE?

- ✓ For acute, chronic and recurring inflammations of the urinary tract
- ✓ As prevention against kidney stones
- ✓ Against crystals and stones in the urinary bladder
- ✓ After catheterization and surgical procedures
- ✓ As support to the prescribed conventional therapy
- ✓ For enlarged prostate
- ✓ As prevention in the predisposed dog breeds
- ✓ For a better semen quality

Composition	Dose per tablet
D-Mannose	200,00 mg
Cranberry extract	100,00 mg
Pumpkin seed extract	100,00 mg
Vitamin C	25,00 mg
Beta-glucan yeast	20,00 mg

Item code	Bar code	Item name	Packaging format
S01900022	7640335423841	REGALENA URINARY CARE	60 TABLETS
S01900023	7640335423858	REGALENA URINARY CARE	30 TABLETS

URINARY CARE

Urinary tract infections are often a problem that dogs are exposed to, and in 90% of cases Escherichia coli is the cause of the infection. Antibiotic are used in treatment along natural means to eliminate bacteria from the urinary tract and strengthen the immunity, thus protecting pets from re-infection.

REGALENA URINARY CARE

is a natural preparation that, with its effective ingredients, relieves the symptoms of infection, supports healing and prevents recurrent inflammation.

- **D-Mannose** – a glucose-like sugar that binds to Escherichia coli and eliminates it from the body.
- **Cranberry extract** – also known as a natural antibiotic, it has a positive effect on the urinary system, prevents bacteria from attaching to the urinary epithelium, thus preventing urinary infections.
- **Pumpkin seed extract** – strengthens the musculature of the bladder, kidneys and prostate. Effective in the treatment of benign prostatic hyperplasia, a common condition in unneutered male dogs.
- **Vitamin C** – leads to an acidic pH of the urine, thus preventing bacterial multiplication.
- **Beta-glucans** – strengthen the weakened immune system of dogs, thus preventing disease recurrence.

**Instructions for use:** 1 tablet per 15 BM per day for 6 months. The tablets are chewable, or they can be crushed and mixed with food. Water must always be available. Asking for a veterinarian’s opinion before use is recommended.

## WHEN ALLERGY RELIEF?

- ✓ In all types of atopy – systemic and local
- ✓ Relieves itching, watery eyes, runny nose, swelling
- ✓ Calms down the irritated immune system
- ✓ Reduces inflammatory processes
- ✓ Preventive action, before exposure to allergens

Composition	Dose per tablet
Colostrum	250,00 mg
Yeast	100,00 mg
Beta-glucan yeast	50,00 mg
Vitamin C	50,00 mg
EPA/DHA	50,00 mg
Calcium	50,00 mg

Item code	Bar code	Item name	Packaging format
S01900020	7640335423827	REGALENA ALLERGY RELIEF	60 TABLETS
S01900036	7640335424183	REGALENA ALLERGY RELIEF	30 TABLETS

# ALLERGY RELIEF

Just like humans, some dogs have an overactive immune system, resulting in a strong reaction to relatively harmless factors such as pollen, mites, sun, food. Antihistamines and immunomodulators are often necessary to relieve allergies, and it has been noted that strengthening immunity also plays an important role in the body's resistance to problematic allergens.

## REGALENA ALLERGY RELIEF

with its powerful natural ingredients, it relieves the symptoms of typical allergic reactions such as itching, watery eyes, runny nose, swelling of the mucous membrane and helps with both acute and chronic allergies.

- **Bovine colostrum** known for its anti-inflammatory and immunomodulatory properties, it has a beneficial effect on allergies.
- **Brewer's yeast** – with its probiotic properties, it prevents diarrhoea in certain allergic reactions.
- **Beta-glucans** – prevent autoimmune response to allergens and the inflammatory reaction.
- **EPA/DHA** – have a powerful anti-inflammatory effect and reduce the allergic reaction, swelling of the mucous membrane, particularly in case of food allergies.
- **Vitamin C and Calcium** – stabilize the cellular response to allergens, reduce the production of histamine, responsible for the inflammatory reaction, and help its faster breakdown.

**Instructions for use:** 1 tablet per 15 kg BM per day. The tablets are chewable, or they can be crushed and mixed with food. Asking for a veterinarian's opinion before use is recommended.

**veterinarian

SENIOR +

Aging is a gradual and continuous process during which dogs go through specific internal and external changes. Grey fur, weight gain, hip or elbow dysplasia, but also a weakened heart, disorientation and reduced immune function are just some of the difficulties older dogs face.

REGALENA SENIOR +

supplement is a natural nutritional supplement whose ingredients have a beneficial effect on the most vulnerable functions during aging, increasing the body's general resistance.

- **NEM® (natural eggshell membrane)** – natural source of protein and collagen that restores cartilage and connective tissue, maintaining their full health quality.
- **L-carnitine** – helps the regular heart muscle functioning, prevents the accumulation of lactic acid in muscles, improves the oxygen supply, thus increasing endurance and delaying fatigue.
- **Taurine** – reduces blood pressure and calms the nervous system.
- **EPA and DHA** – enter the composition of brain cells and protect cells from decay.
- **Nucleotides** – have a positive effect on the learning and memory process.
- **Ginkgo biloba** – improves brain circulation, thus affecting focus and concentration.

**Instructions for use:** 1 dose (2.7 g) per 15 kg BM per day, mixed into food.

## WHEN STRESS FREE?

- ✓ Hyperactivity
- ✓ Anxiety
- ✓ Separation from owners (going to a boarding house, staying alone at home)
- ✓ Stressful situations such as extreme temperatures, going to the vet
- ✓ Isolated stressful activities (firecrackers, fireworks, noise)
- ✓ Travel
- ✓ No sedatives, drugs and no side effects
- ✓ Not for pregnant and lactating bitches

Composition	Dose per tablet
Passionflower extract	100,00 mg
Lemon balm extract	100,00 mg
Vitamin B1	30,00 mg
Vitamin B6	25,00 mg
Melatonin	0,75 mg
L-theanine	25,00 mg
Magnesium	65,00 mg

Item code	Bar code	Item name	Packaging format
S01900025	7640335423872	REGALENA STRESS FREE	10 TABLETS

# STRESS FREE

Just like humans, dogs are also susceptible to stress and its harmful effects on psychophysical health, but unlike us, dogs cannot rationally perceive the source of stress and reduce discomfort with calming thoughts. Dogs respond to stressful situations with fear and hyperactivity, while some have a period of anxiety or depression.

## REGALENA STRESS FREE

supplement is a true treasure from nature, the composition of which has a beneficial effect, calming down anxious dogs, and its action begins as early as 30 to 45 minutes from the moment of administration.

- **Passionflower extract** – calming and relaxing, this herb is known as an anxiety reliever, with some studies showing it has a similar effect to bromazepam, but without creating an addiction.
- **Lemon balm extract** – has an anti-inflammatory, spasmolytic and analgesic effect, as well as a mild calming effect on the nervous system.
- **Melatonin** – improves the quality of sleep and rest by enabling an easier sleep induction and longer sleep without waking up.
- **L-theanine** – has a relaxing effect on the nervous system, reduces the level of stress and leads to a state of relaxation.
- **Mg** – increases tolerance to stressful conditions, soothes muscles and facilitates relaxation.

**Instructions for use:** 1 tablet per 10 kg BM per day. The tablets are chewable, or they can be crushed and mixed with food. Asking for a veterinarian's opinion before use is recommended.

**veterinarian  
recommended**

**human  
grade**

# Healthier. Happier.
