GALENA DIETETIC FEEDS

CRAFTIA GALENA

CRAFTIA GALENA is more than just a pet food. It is a solution for every specific need and health condition of your pet. Following a philosophy of respecting the Mother Earth and its harmony, Craftia Galena recipes are specially designed to improve pets' overall health and to treat various illnesses. Whether a pet needs a diet to support its skin and coat quality, bone and joint health, kidney function, or any other specific health-related conditions, CRAFTIA GALENA offers highly tailored recipes. To put it simply - pets with particular health problems will get exactly what they need, and healthy pets will be even healthier.

WHY AND WHEN TO USE CRAFTIA GALENA

If your pet has a special condition, if it has a certain disease, is intolerant to certain ingredients or simply has specific nutritional requirements - Craftia Galena is the solution you need. In the range of Galena products and recipes, there are diets that are specially tailored to specific health conditions and problems, such as chronic or temporary renal insufficiency, overweight issues, gastrointestinal disorders or others. If you have any questions about the right nutrition for your pet, then make sure you ask your veterinarian for advice, as Craftia simply wants only the very best for every pet.

CRAFTIA GALENA'S NUTRITIONAL PHILOSOPHY

We are all together and share this planet that we call Mother Earth. She loves us unconditionally, and in return we love and take care of her, we are the guardians of Nature and all of its living beings. In her loving embrace, we are all equal and interdependent.

At Craftia, we understand that you and your pet are equal companions, best friends and the offspring of Nature. To respect and maintain this harmony is a delicate balance and takes real craft and passion. Or to be more precise, Craftia. Our artisan approach is all about natural and holistic well-being, and together with you, this helps your pet grow stronger and more beautiful every day.

Therefore, every Craftia recipe, for both healthy companions, and those that have specific illnesses and require extra-special support, is based on the seven pillars of our multi-dimensional nutrition system, or in other words, carefully crafted recipes for life in harmony.

Harmony of health, life and nature

Each pillar gives specific benefits, but all together they work in unity.

NUTRACEUTICAL APPROACH

The finest selection of botanical phytonutrients, and other nutraceuticals, help support a strong immune system, a balance of body and mind, and help create a healthy bond with Nature.

FUNCTIONAL NURTURING

Key ingredients help support a functional nurturing approach for a healthy skin & coat, strong joints and brain development – when your pet feels great inside, they look even better on the outside!

THE FINEST SELECTION & CRAFTWORK

Made with a selection of the best freshly prepared natural ingredients that Mother Earth gives us. Carefully chosen by our experts, using the best cooking skills available, steam-cooked and oven-baked, with a no-compromise quality checking procedure. Each bag and each kibble have the perfect balance of palatability and digestibility. This all completes the natural flow of energy from the Earth to your pet.

WHOLE-BODY WELL-BEING

Nourishing the intestinal microbiome through our NUTRIBIOME™ blend, which helps maintain whole-body harmony through a carefully selected and crafted combination of ingredients found in nature, from fibres, prebiotics, vitamins and botanical antioxidants.

LIFE-COURSE PERSPECTIVE

Respecting that health at each life stage is dependent on the former, which we achieve through creating a seamless and harmonious flow of healthy nutrition from birth to senior. We make sure that every step on life's journey is crafted with devotion.

HARMONY WITH THE ENVIRONMENT

We all share one planet, one Earth, so our lives and those of our pets need to live in respect and harmony with our surroundings, no matter where that may be. Embrace the love of Mother Earth and return that love.

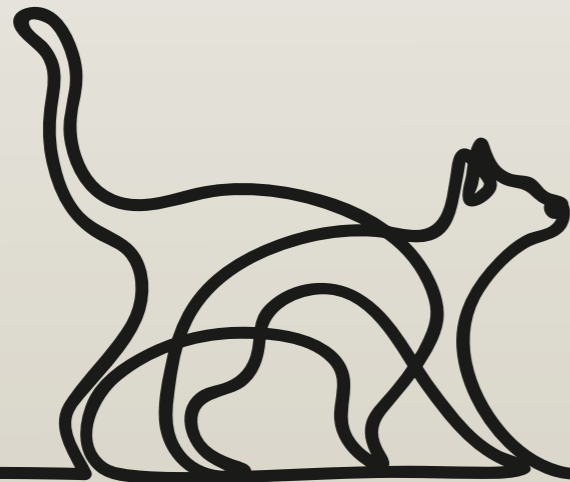

LIFE STAGE AND BREED SIZE COMPATIBILITY

A tailored life stage and breed size approach allows us to customise our nutrition, so it is harmonious with every dog and cat. We are all one in unity with Nature, but we recognize that each living being is unique in its own way.

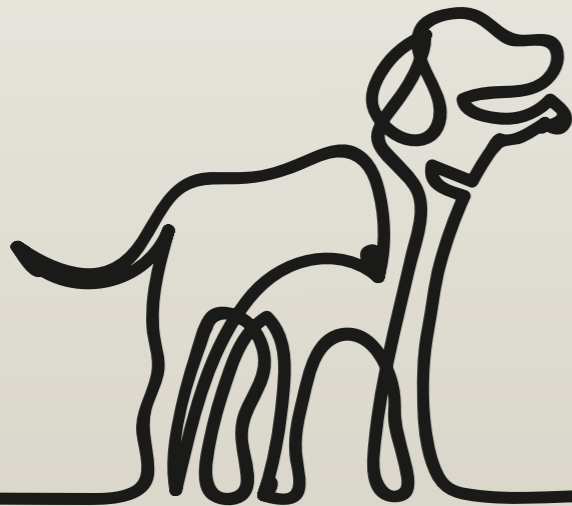

NUTRIBIOME™

During times of stress and illness in pets, its gut microbiome (consisting of millions and millions of bacteria) can lose its natural diversity, balance, and harmony, all of which are important for maintaining its whole-body health. Each Galena recipe helps nourish the intestinal microbiome through its unique NUTRIBIOME™ blend, a carefully selected and crafted combination of ingredients found in nature: fibres, prebiotics, vitamins and botanical antioxidants. NUTRIBIOME™ helps support and restore the natural diversity and balance of the gut microbiome during any time of stress and illness, helping to maintain pets' whole-body health.

ADULT CATS
ALL BREEDS

OBESITY

Craftia Galena WM Weight Management is formulated for the reduction of excessive body weight. It contains low fat and a low energy density to aid in both weight loss and weight maintenance, and a high protein content helps maintain lean muscle mass. Excessive weight can impact the health of joints, therefore glucosamine and chondroitin sulphate are added to help maintain and support pets' healthy joints.

COMPOSITION: dehydrated chicken protein, spelt, rice, barley, dried beet pulp, hydrolyzed fish proteins, dehydrated salmon protein, dehydrated pork protein, poultry fat, linseed, alfalfa meal, pea fibre, monocalcium phosphate, potassium chloride, chicory inulin (0.4%), yeast extract (source of manno-oligo-saccharides) (0.3%), fructo-oligosaccharides (0.3%), calcium carbonate, sodium chloride, Ascophyllum Nodosum, dried brewers' yeast, calcium sulphate dihydrate, dried fennel, dried spinach, rosemary, psyllium husks and seeds, yucca schidigera, glucosamine (0.03%), chondroitin sulphate (0.03%).

ANALYTICAL CONSTITUENTS: Crude protein 38.00%; Crude fat 9.00%; Crude fibre 9.60%; Crude ash 8.80%. Metabolized Energy value: M.E. (CEN) 3189 kcal/kg (calculated) at a moisture content of 12%.

ALL BREEDS

OBESITY

JOINTS

Craftia Galena WJMC Weight & joint mobility care is carefully crafted for the reduction of excessive body weight and for the nutritional support of osteoarthritic joints. The recipe has a low level of fat and a low energy density, ideal for weight management or weight loss. The inclusion of glucosamine and chondroitin sulphate help support normal cartilage, and a high level of omega-3 fatty acids helps to soothe the joints.

COMPOSITION: dehydrated chicken protein, spelt, rice, barley, dried beet pulp, hydrolyzed fish proteins, dehydrated salmon protein, dehydrated pork protein, poultry fat, Salmon oil, linseed, alfalfa meal, pea fibre, monocalcium phosphate, potassium chloride, chicory inulin (0.4%), yeast extract (source of manno-oligo-saccharides) (0.3%), fructo-oligosaccharides (0.3%), calcium carbonate, sodium chloride, Ascophyllum Nodosum, dried brewers' yeast, calcium sulphate dihydrate, glucosamine (0.03%), chondroitin sulphate (0.03%), dried fennel, dried spinach, rosemary, psyllium husks and seeds, yucca schidigera.

ANALYTICAL CONSTITUENTS: Crude protein 38.00%; Crude fat 9.00%; Crude fibre 9.60%; Crude ash 8.90%. Total Omega-3 fatty acids 1.40%; Total Docosahexaenoic acid 0.40%; Glucosamine 1200mg/kg; Chondroitin sulphate 900mg/kg; Total Methionine 11 g/kg; Total Manganese: 29.00 mg/kg; Total Vitamin E: 650 mg/kg. Metabolized Energy value: M.E. (CEN) 3185 kcal/kg (calculated) at a moisture content of 12%.

LOWER CONTENT
OF PROTEINS

DISSOLUTION OF
STRUVITE STONES

PH CONTROL

GLUTEN FREE

STRUVITE

Craftia Galena UR Urinary care is formulated for dissolving struvite bladder stones and for the reduction of their recurrence, and to help in cases of feline lower urinary tract disease (FLUTD). The recipe is formulated to acidify the urine, as well as having a low magnesium content, all of which helps with the dissolving of stones, and the reduction of their recurrence. Struvite stones are one important cause of FLUTD.

COMPOSITION: dehydrated chicken protein, rice, potatoes, dried eggs, hydrolyzed fish proteins, hydrolyzed duck proteins, corn gluten, poultry fat, salmon oil, linseed, dried beet pulp, pea fibre, monocalcium phosphate, potassium chloride, chicory inulin (0.4%), yeast extract (source of manno-oligo-saccharides) (0.3%), fructo-oligosaccharides (0.3%), dried brewers' yeast, calcium carbonate, sodium chloride, calcium sulphate dihydrate, Ascophyllum Nodosum, dried acerola, psyllium husks and seeds, yucca schidigera.

ANALYTICAL CONSTITUENTS: Crude protein 33.00%; Crude fat 15.00%; Crude fibre 1.07%; Crude ash 6.00%; Calcium 0.80%; Phosphorus 0.65%; Sodium 0.20%; Potassium 0.65%; Magnesium 0.09%; Chlorides 0.70%; Sulphur 0.45%. Urine acidifying substances: DL-methionine, technically pure (7.7 g/kg), calcium sulphate dihydrate (5.0 g/kg).

GLUCO CONTROL

GRAIN FREE

DIABETES

Craftia Galena DC Diabetic care has been formulated to carefully help with the regulation of glucose supply, which is central to the control of this disease. The recipe has a high level of protein to help support muscle tissue and whole-body health, but importantly, has a low level of simple sugars to reduce fluctuations in the blood glucose level. A moderate level of starch is provided by peas and potatoes, two high quality and highly digestible ingredients.

COMPOSITION: dehydrated chicken protein, dehydrated pork protein, pea starch*, potatoes*, hydrolyzed fish proteins, poultry fat, dried beet pulp, linseed, fish oil, alfalfa meal, pea fibre, monocalcium phosphate, potassium chloride, chicory inulin (0.4%), yeast extract (source of manno-oligo-saccharides) (0.3%), fructo-oligosaccharides (0.3%), calcium carbonate, sodium chloride, Ascophyllum Nodosum, dried brewers' yeast, calcium sulphate dihydrate, potassium citrate, dried fennel, dried artichoke, psyllium husks and seeds, yucca schidigera, glucosamine, chondroitin sulphate. *Carbohydrate sources.

ANALYTICAL CONSTITUENTS: Crude protein 43.00%; Crude fat 12.00%; Crude fibre 5.00%; Crude ash 7.30%; Starch 17.00%; Total sugars: 1.30%; Omega 3 -fatty acids 0.80%; Omega 6 -fatty acids 1.00%.

CRAFTIA GALENA: HC Hepatic care

LIVER
ADULT DOGS
ALL BREEDS

LOW COPPER

MODERATE LEVEL
OF PROTEIN,
SELECTED AND
HIGHLY DIGESTIBLE

GLUTEN FREE

LIVER

Craftia Galena HC Hepatic care is for the support of the liver when there is long-term failure of its normal function. Carefully selected highly digestible and high-quality proteins, specifically egg, included at a moderate level in the recipe, help to reduce the metabolic workload of the liver. Also, copper is deliberately kept at a low level, which helps to reduce the risk of damaging the liver cells.

COMPOSITION: rice, corn, dried eggs*, poultry fat, hydrolyzed chicken proteins*, dehydrated poultry proteins*, corn gluten*, dried beet pulp, fish oil, monocalcium phosphate, potassium chloride, pea fibre, chicory inulin (0.4%), yeast extract (source of manno-oligo-saccharides) (0.3%), fructo-oligosaccharides (0.3%), calcium carbonate, sodium chloride, Ascophyllum Nodosum, dried brewers' yeast, turmeric, dried artichoke, yucca schidigera. *Protein sources (digestibility>85%).

ANALYTICAL CONSTITUENTS: Crude protein 18.00%; Crude fat 18.00%; Crude fibre 1.80%; Crude ash 4.50%; Sodium 0.25%; Omega-3 fatty acids 0.50%; Omega-6 fatty acids 4.30%; Total Copper: 6.80 mg/kg.

CRAFTIA GALENA: HDC Hypoallergenic derm care

DERM COMFORT

SINGLE SOURCE
OF ANIMAL
PROTEIN

HIGH LEVEL OF
LINOLEIC ACID

GLUTEN FREE

MONOPROTEIN
ADULT DOGS
ALL BREEDS

MONOPROTEIN

Craftia Galena HDC Hypoallergenic derm care is for the reduction of ingredient and nutrient intolerances (e.g. food allergy) that can trigger skin disease, and it also supports normal skin function when there are general problems and when there is excessive loss of hair. Monoprotein contains a high level of specific omega-6 and omega-3 fatty acids (eicosapentaenoic and docosahexaenoic acid), alongside highly digestible hydrolysed fish protein.

COMPOSITION: hydrolyzed fish proteins (23%)*, rice starch**, potato starch**, animal fat, fish oil, monocalcium phosphate, potassium chloride, pea fibre, chicory inulin (0.4%), yeast extract (source of manno-oligo-saccharides) (0.3%), fructo-oligosaccharides (0.3%), dried brewers' yeast, calcium carbonate, sodium chloride, Ascophyllum Nodosum, aloe vera, yucca schidigera. *Protein source. **Carbohydrate source.

ANALYTICAL CONSTITUENTS: Crude protein 23.00%; Crude fat 16.00%; Crude fibre 3.50%; Crude ash 5.00%; Sum of eicosapentaenoic acid and docosahexaenoic acid: 0.92%; Omega 3- fatty acids 1.31%; Linoleic acid: 3.88%.

CRAFTIA GALENA: CC Calming care

CALMING
SUPPORT

GLUTEN FREE

CALM

Craftia Galena CC Calming care is for the support of dogs that encounter stressful situations, helping to reduce the associated behaviour that they develop. It contains a special milk protein that has been clinically proven to help reduce anxiety when dogs are stressed, alongside a special amino acid (tryptophan) that also helps calm anxious dogs. Calm is an ideal recipe to feed any dog that becomes stressed.

COMPOSITION: dehydrated poultry protein, rice, corn, animal fat, hydrolyzed fish proteins, dehydrated pork protein, fish oil, dried beet pulp, pea fibre, alfalfa meal, monocalcium phosphate, potassium chloride, chicory inulin (0.4%), yeast extract (source of manno-oligo-saccharides) (0.3%), fructo-oligosaccharides (0.3%), calcium carbonate, sodium chloride, Ascophyllum Nodosum, dried brewers' yeast, hydrolysed milk protein, marigold, yucca schidigera.

ANALYTICAL CONSTITUENTS: Crude protein 26.00%; Crude fat 16.00%; Crude fibre 2.50%; Crude ash 7.00%; trypsin-hydrolysed bovine casein: 2.00 g/kg.

CRAFTIA GALENA: WJMC Weight & joint mobility care

JOINT SUPPORT

WEIGHT
MANAGEMENT

SATIETY

GRAIN INCLUSIVE

OBESITY

JOINTS

Craftia Galena WJMC Weight & joint mobility care is carefully crafted for the reduction of excessive body weight and for the nutritional support of osteoarthritic joints. The recipe has a low level of fat and a low energy density, ideal for weight management or weight loss. The inclusion of glucosamine and chondroitin sulphate help support normal cartilage, and a high level of omega-3 fatty acids helps to soothe the joints.

COMPOSITION: dehydrated chicken protein, spelt, rice, barley, quinoa seed extracted, dried beet pulp, hydrolyzed fish proteins, dehydrated salmon protein, dehydrated pork protein, Salmon oil (4%), linseed, poultry fat, pea fibre, alfalfa meal, monocalcium phosphate, potassium chloride, chicory inulin (0.4%), yeast extract (source of manno-oligo-saccharides) (0.3%), fructo-oligosaccharides (0.3%), calcium carbonate, sodium chloride, Ascophyllum Nodosum, dried brewers' yeast, glucosamine (0.06%), chondroitin sulphate (0.06%), dried pomegranate, dried cranberry, dried spinach, dried acerola, turmeric, psyllium husks and seeds, yucca schidigera.

ANALYTICAL CONSTITUENTS: Crude protein 32.50%; Crude fat 6.70%; Crude fibre 10.70%; Crude ash 9.50%; Calcium 1.00%; Phosphorus 0.80%; Total Omega-3 fatty acids 2.70%; Total Eicosapentaenoic acid 0.60%; Glucosamine 1300mg/kg; Chondroitin sulphate 1000mg/kg; Total Vitamin E 650 mg/kg; Metabolized Energy value: M.E. (CEN) 3047 kcal/kg (calculated) at a moisture content of 12%.
